

Entering Images into WCC Competitions

Images files should be entered using the club web site (www.warragulcameraclub.org) using the logon and password provided when you joined the club.

This is recommended for digital (PDI and CREX) entries but digital versions of your print images can also be entered. This latter is not for judging but (1) provides a cross-check on the images you wish to enter and facilitates the job of the competition steward and (2) allows your images to be displayed on the front page of the club web site after judging night.

There are two ways to enter your images into competitions:

- (i) Enter them into the competition directly or
- (ii) Save them to your Image Library on the web site and then select them from the library.

The second method has advantages in that you can “bank” a series of images for later competitions and allows them to be re-selected for later non-club competitions (e.g. VAPS, Gippsland Interclub, etc.) but the first has fewer steps and will be described here.

Note that there are extensive video tutorials covering every aspect of the use of the web site under **Help\Videos**.

To logon to the web site, click on the login button on the front page. If you are using a home computer, you can enter your login details just once and have it remember your login details thereafter.

The screenshot shows a web browser window with the address bar displaying "warragulcameraclub.org/Login.aspx". The page header includes the club name "Warragul Camera Club" and a navigation menu with links for "Home", "Organization", "Newsletter", "Competitions", "My Account", and "Help". The main content area is titled "Login to Warragul Camera Club" and contains a login form with fields for "Login Name" and "Password", a "Remember me" checkbox, and a "Login" button. Below the form is a help section with the text "Need help logging into your account? Use the button below for more information. You will find these buttons on many pages to help you make the best use of this website." and a button labeled "Video on Logging in and Passwords".

Once you log in, click **Competitions\Submit Images to a Competition**:

This will bring up a page with the list of competitions:

Submit Images to a Competition

Show Me How to Submit Images to a Competition Show Me How to Create an Image Sequence

Competition: Weathered - PDI

Competition Date: Monday, March 02, 2015
Competition Type: Weathered - PDI
Competition Level: A Grade

Maximum pixel width for images: 1024
Maximum pixel height for images: 780
Note: The Image Resolution (pixels per inch or centimeter) does not matter and is never used. If you submit an image larger than the maximum dimensions allowed, the image will be re-sized down to the maximum allowed. This is done using high quality bicubic interpolation, but you have more options for this process if you do it in Photoshop or a similar program.

Submissions will be automatically converted to an sRGB profile when displayed on this website. The Image Competition Manager program properly handles embedded profiles.

Maximum title length: 2000 characters.
Image Sequences are not permitted.

Competition Definition

A picture featuring an object or a face which shows obvious signs of having been exposed to the elements over a long period.

Images you entered into this Competition

You have entered 0 of the 2 images you are allowed to enter into this competition.

You have not entered any images to this competition.

Upload or Catalog a Single Image into the Competition Upload Multiple Images into the Competition

Add Images from my Image Library

Print Labels for Print Submissions Return to Competition List

Click on **Upload Multiple Images into Competition** button.

Click on the **Select** button:

The screenshot shows a web browser window with the URL `warragulcameraclub.org/MyAccount/Uploac`. The page content includes instructions on image size (2560 x 1700 pixels, 4MB limit), file naming conventions (must end in .jpg or .jpeg, no spaces or special characters), and browser support (HTML5 browsers like IE 10+, Firefox 4+, Chrome, Safari v5+). A blue-bordered box contains a copyright notice: "Please only upload only your own images. You will become the author of any images you upload and your images will be marked with your copyright, if a copyright is not already tagged in the image. Administrators can specify a different person as an image author, allowing them to upload images on behalf of others." Below this, there is a form with an "Image Title" field (2000 character limit), an "Optional Author's Image Id" field, and a "Genuine Win image" checkbox. A red arrow points to a "Select" button, which is part of the instruction "Click 'Select' to identify a file to upload or drag and drop file onto the 'Select' button." Other buttons include "Return to Competition" and "Save Images". At the bottom, there is a footer: "You will see an acknowledgment when your images have been successfully uploaded." and "This website is hosted by Visual Pursuits, a service provided by Software Pursuits, Inc."

This will bring a file selection window, the nature of which will depend on your operating system. Find the first file you want to include in the competition and click whatever type of select button your computer uses. This will return you to the web page. While the file is uploading, you can enter a title for your image.

Please just use "My Wonderful Image" (or whatever is appropriate) without your member ID, grade or indication that it a CREX attached to the title.

Once you have selected your first image, another selection line will pop up underneath. Repeat the image selection until you have reached the number you wish to enter or your entry limit for the competition (usually 2). Then click **Save Images**.

The web site will then show a page listing the images you have successfully entered into the competition:

The screenshot shows a web browser window with the address bar displaying "warragulcameraclub.org/MyAccount/Uploac". The page header includes the "Warragul Camera Club" logo and the name "David Woodcock" with a "Logout" button. A navigation menu contains links for Home, Organization, Newsletter, Competitions, Judge, My Account, Administration, and Help. The main heading is "Upload Multiple Images". A yellow box contains four lines of confirmation text: "Saints" has been successfully loaded into your image library, "Saints" has been submitted to the competition, "Window" has been successfully loaded into your image library, and "Window" has been submitted to the competition. Below this is a light blue box with instructions: "This form is used to upload one or more images into your Image Library. When your image is cataloged and saved into your library, a number of additional pieces of information are also saved. Since you are logged in, we know who you are and your image will be associated with your account. Fill in the other fields to optionally provide additional information about each image." It also includes a note about automatic deletion of images not in a competition or gallery after three months, and information about the current competition: "Competition Title: Weathered - PDI, Competition Date: Monday, March 02, 2015", "Competition Type: Weathered - PDI", and "Competition Level: A Grade". It states "You have already entered 2 images; 2 are permitted." and provides instructions on using "Select" and "Add" buttons to upload files, and clicking "Save Images" after upload.

Now return to **Competitions\Submit Images to a Competition** and select your next competition section into which you have images to submit and repeat the process described above.
